CROSSTALK
A member shares his judgements on another member’s experience.

SIDETALK
Members carry on a conversation while someone else is trying to share. Communicate on an electronic device can be seen as side talk as well.

MEMBERS ATTITUDES MIGHT IMPAIR OTHER MEMBERS TO SHARE FREELY

CROSSTALK
A member shares his judgements on another member’s experience.

SIDETALK
Members carry on a conversation while someone else is trying to share. Communicate on an electronic device can be seen as side talk as well.

Why is side talking disruptive and how can crosstalk be disturbing? What is the chairperson’s role?
How can these behaviors cause problems?

What is the chairperson’s role?
What does our literature say about these things?
What is the chairperson’s role?
Why does it might not be good for the atmosphere of recovery and our own recovery to share about the above issues? What is the chairperson’s role?
What is your group conscience on these issues?
What is the chairperson’s role?
