European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

A. EDM - HOW IT CAME ABOUT

Starting in 1984 in Dublin (Ireland) as a merely service-oriented sharing session in which Delegates (not necessarily RSRs or ASRs) presented informal reports of their communities, the **European Conference and Convention (ECC)** then evolved to a recovery celebration with service workshops in its agenda.

On July 1990, at the ECC 7 in Lisbon, the following Motion was approved on the floor:

“To delegate to a small group the representation of the European fellowship to go on from here and develop ideas and options for continuing growth and possible service structure development in Europe, with no power to set policy”.

This “**European Study Group**”, later (at the ECC 8 in Rome in July 1991) renamed as “**European Resource Group**”, worked for two years and presented its findings to the European Delegates present at the ECC 9 in Antwerp in July 1992.

At their meeting in Brussels in January 1993, the Delegates recognized that they were in fact the “*Large Representative Body*” option that had been described by the “European Study Group”:

“A Forum in which European fellowships can meet together on a regular basis, through Delegates elected by individual European N.A. communities”.

They then named it the “**European Delegates Meeting**”, and agreed that the intent for this body was:

- 1. To increase awareness and response to European needs through regular communication.*
- 2. To define the decision-making process and points on common European issues.*

B. THE EDM AND THE NA SERVICE STRUCTURE

At the WSC 92 in Dallas, the following motion was approved: - “*The World Service Conference affirms that zonal forums, as service-oriented sharing sessions that provide means by which NA communities can communicate, cooperate, and grow with one another, are valuable components of NA. We support the continued work of the zonal forums that exist today worldwide and encourage any further efforts NA communities may take to support one another*”.

This was the first time that “Zonal Forums”, and consequently the EDM, received any sort of formal recognition from the existing NA world service structure.

Although in this motion the WSC recognizes the existence and value of forums such as the EDM, it nonetheless does not imply nor give any formal or official role/place to zonal forums within the NA service structure.

At this point in time, however, as a result of the world services inventory process, it is foreseeable that this scenario might be subject to substantial changes in the near future.

European Delegates Meeting "Orientation Pack"

Temporary Working Document - Updated July 2025

In the Resolution Group report, namely in chapter 3 concerning "*Structural Resolutions for the NA Service Structure*", a new structure is proposed based on "**Geographic Divisions (who) will send representatives to make up the new World Service Conference**".

If such structural changes are to be adopted by the WSC, the EDM may have to redefine the scope of its mission accordingly.

Motion # 8 was adopted at W.S.C 2000

Zonal forums are service-orientated sharing and/ or business sessions that provide the means by which NA communities can communicate, cooperate, and grow with one another. Although not a part of NA formal decision-making system, world services and zonal forums interact in many ways. Zonal forums are asked are invited to provide reports on the floor of the World Service Conference, and when requested by the conference, may also answer specific questions or address the body. In order to improve communications, they are provided with conference participant mailings and are requested to send their minutes to world services. World Services typically attend zonal forum meetings and may provide for some participants attendance at Zonal forums. Maintaining effective communication between the Zonal forums and world services is a high priority. In order to more effectively serve the fellowship, world services and zones should develop a partnership for the planning and conducting the worldwide workshop system, and by assisting in the coordination of a variety of service efforts such as professional events and fellowship development activities.

C. EDM GUIDELINES

MISSION STATEMENT

"The EDM is a European based forum of multi-lingual and multi-cultural NA communities inside and outside Europe, whose mission is to further their common welfare and unity, support their growth and help them fulfill their primary purpose of carrying the NA message to the still suffering addict."

PARTICIPATION

Delegates, and alternates elected by individual NA communities, regardless of level of local service structure, (Attendance, right to speak, take part in Consensus process and vote).

Sub Committees invited members from World services and Zonal forums attend but only speak upon request from the floor.

All other people attending are not allowed to participate. This can be deviated from with the discretion of the chairperson and the delegates if a situation occurs that give new information.

LOCATION AND FREQUENCY

The EDM shall meet twice a year:

- One "*Summer Meeting*" held at the host town and around the same date of the ECCNA.
- One "Winter Meeting" held at the location agreed on by the body on the basis of bids that are presented by communities.

DECISION MAKING

When representatives from the different communities in Europe first attend the EDM, they are very often surprised by the way decisions are made there. A consensus system is used in the (great) majority of cases, with qualified majority decisions made only as a last resort. This means that the participants aspire to consensus decision making but, when a large majority of delegates have a clear conscience which is blocked by a small minority, for business to go forward, majority decision making takes place (this is described in a following section).

Qualified majority decision-making is not an option that has been with the EDM for all its life. When the EDM was created, and for many years after, consensus was the method by which we arrived at decisions. Unfortunately, with an increase in number of delegates, and with an increasing workload, it has been necessary to modify this method.

Consensus is still the primary method of decision-making and, with open mindedness and unity in mind, will remain so. This does mean that the length of discussions that take place may seem alien to delegates coming from communities using majority voting as a norm, but this is the best method by which consensus can be reached.

A Different Way of Making Decisions

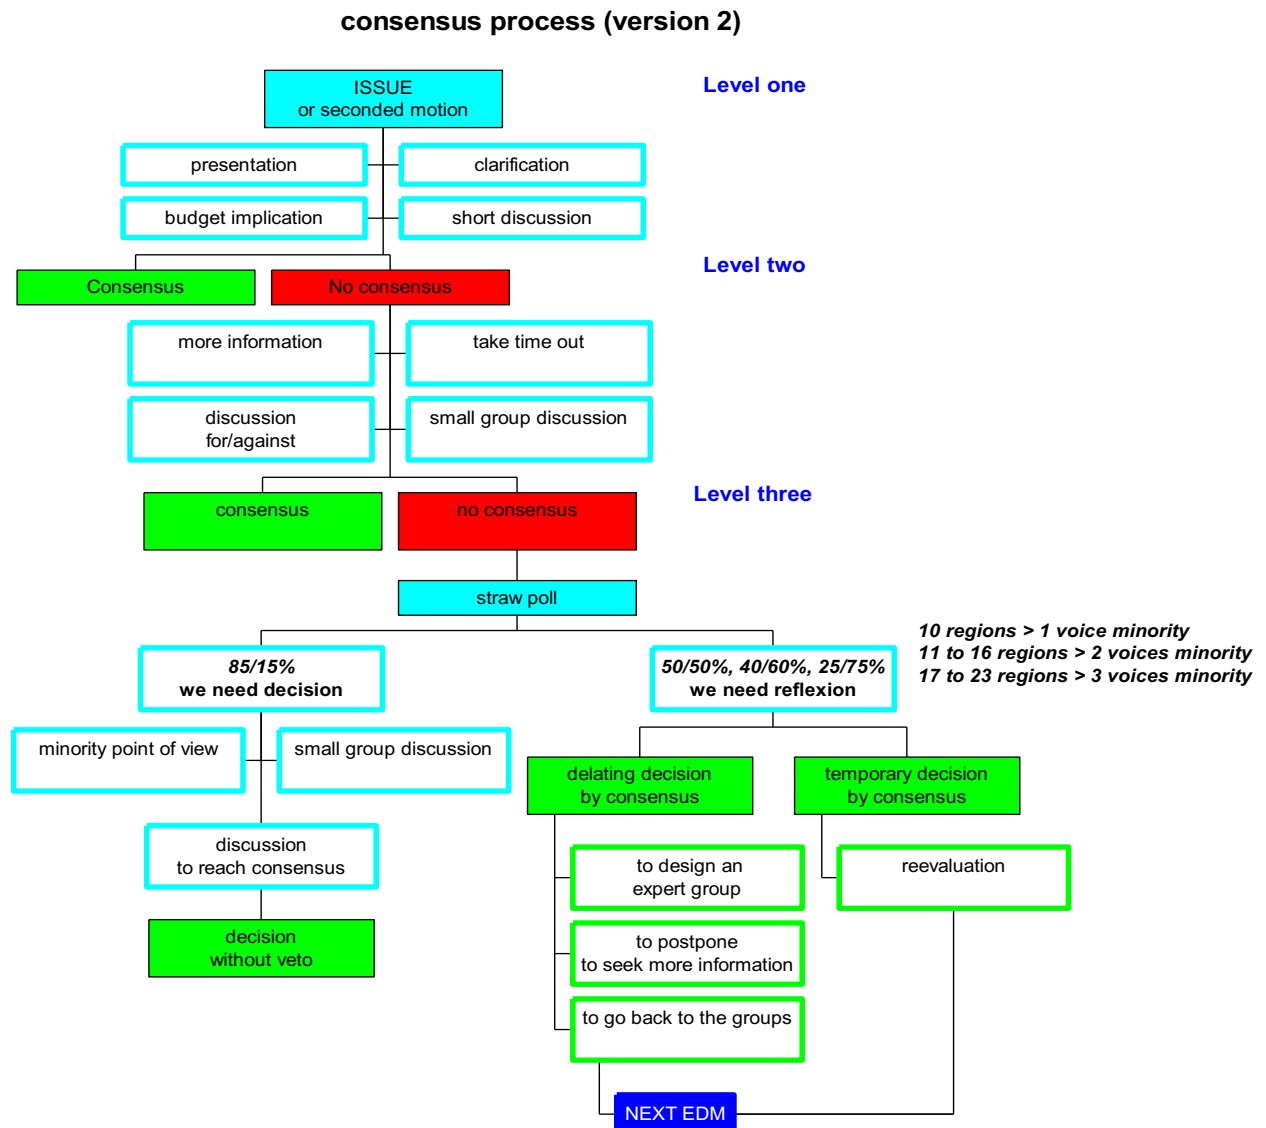

All members of a service body bear substantial responsibility for that body’s decisions and should be allowed to fully participate in its decision-making processes. (7th Concept)

“NA service is a team effort. Our Service representatives are responsible to the NA fellowship as a whole rather than any special constituency; so are all other trusted servants on the team. The full participation of each member is of great value as we seek to express the collective conscience of the whole”. (Twelve Concepts of NA Service, p 16)

NA groups have the final responsibility and authority of NA service structure. NA groups also delegate to the service structure the authority necessary to fulfill the commitments they have instructed to be carried out. Area and Regions delegate to their representatives the responsibility and authority necessary to participate in the conscience - process at EDM meetings.

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

We start with an ‘issue’ be it in the form of a Proposal, Motion or point of interest that gains momentum leading to a decision.

Level 1:

The issue is presented followed by a short discussion including points of clarification and budget implications. At this and many further points, the facilitator, be it the chairperson or vice-chairperson, is expected to gauge whether the body is able to reach consensus and ask that question.

Level 2:

If consensus is not reached, more information can be sought e.g. from delegates, NAWS, etc. And/or we can have further small group discussions, take time out to deliberate on a one to one/ group level, or just have a break.

Level 3:

In the event of the body not reaching consensus, a straw poll of the voting members will then be taken to find out the proportion of delegates for or against the issue/proposal.

The path towards an outcome depends on the proportion of delegates for and against. If this is less than 85% ‘for’, one of two things can now take place. The chairperson could temporarily implement the proposal for it to be re-evaluated at the next EDM, or the issue could be passed on to an ad-hoc committee to deal with, postponed for more information or taken back to the communities, to be reassessed at the next EDM. If, though, the

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

proportion ‘for’ is 85% or greater, the minority view will then be heard with the option for more small group discussions. Consensus will then be sought but if the proportion of delegates against the proposal is still less than 15%, the chairperson can take the decision to implement the proposal with any strong objections noted.

The procedure does not need to be followed slavishly; more time for reflection and/or discussion in open forum or small groups can be added at any time deemed appropriate. Conversely, as various topics and proposals are discussed over a whole weekend or even several EDMs, reaching a decision may, in the end, be a formality as all discussion may have been exhausted long before the formal decision-making process.

It is up to us, the EDM, to try to achieve consensus even though it is not the only method of decision-making. We have the tools in the form of guidelines, steering committee and a higher power to help us reach a satisfactory conclusion.

The only exception to consensus will be on elections to the steering committee, EDM subcommittees, bids for ECCNA, winter EDM and European Service-Learning Days (ESL). A simple majority vote will decide these. Only representatives elected from areas and regions can vote.

COMMUNICATION

Language

The EDM is conducted in English, so when possible, communities should select delegates who speak English. All participants are reminded that some members may be self-translating or using translation, so we should speak slowly and clearly, avoiding any colloquial terms. Any delegate may ask for clarification at any time during the EDM.

Written Reports

All community reports must be sent by email to the steering committee to pass onto all delegates no later than 2 weeks before the EDM, or the time frame set by the Steering committee. Sub-committee & ad hoc committee reports are to be sent to the Steering committee for inclusion in Mailing #3, which will be circulated to all delegates along with the Steering Committee report. The EDM Secretary will announce a deadline when the reports need to be mailed in.

Community & sub-committee reports should only be sent to the EDM email address for distribution to all delegates. Delegates should acknowledge the receipt of all emails sent to them.

FUNDING OF THE EDM

a) The EDM funds are composed of:

- Donations from individual NA communities/groups and NA members.
- A percentage of the ECCNA profits

Expenses

The EDM operates on limited funds; it is the responsibility of each person claiming expenses to try and keep the cost down. It is vitally important that travel be booked as early as possible, as this can give savings of up to 50%. We remind all funded participants that we all bear responsibility to make prudent use of EDM funds by helping to reduce costs.

The Steering Committee and Fellowship Development Committee are funded from Wednesday to Monday (5 nights), so that face-to-face meetings can be had both before and after the EDM as committees, and with the host/ECCNA committees, as necessary.

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

SC, Vice treasurer, MC (Chair), Fellowship Development (Chair & Vice), Public Relation (Chair & Vice) Committee, Zonal delegate & Alternative Zonal Delegates will be funded from Wednesday to Sunday (4 nights). An extra day before or after because of difficulties in travel arrangements will be at the discretion of the Steering Committee.

In case of cancellation of attendance of a funded member, the money should be immediately returned to the EDMs bank account (but discretion by the treasurer can be used). For Fellowship Development trips a separate process will determine the budgets and length of time for each activity.

Travel Costs

Travel cost to attend the EDM includes the following: transfers to/from the airport/station (ground transport) and cost of main travel. Original receipts must be given to the EDM Treasurer in order to be reimbursed. The same applies to Fellowship Development trips.

Per Diem

The per diem is a daily allowance for food, transport in the city and other incidental costs to do with being away from home. The current EDM per diem rate is a maximum of €50. The per diem will be allocated for Steering Committee and FD Committee members during the EDM. If necessary, a per diem will also be provided to translators of developing communities who have been funded to attend the EDM.

Members who have been selected to take part in a FD trip on behalf of the EDM will be also provided with a per diem of up to €50 per person.

Accommodation

Unless there are special circumstances, EDM-funded delegates will have their accommodation funded from one night before the meeting till the last day of the meeting (a total of four nights). EDM-funded delegates should also expect to share a room.

You may room with whomever you choose, but EDM will not incur an additional expense as a result of such a choice. If your roommate is not funded by EDM, he or she will be responsible for the expenses exceeding the price of half a double room. If you are an EDM-funded participant and you prefer to room alone, you will be responsible for half of the room expense.

The trusted servants of EDM (SC, FDC & MC) are entitled to single rooms if they so prefer (a total of five nights) and if trusted funding servants share a room the EDM will fund trusted servants share that equal half cost of the room.

All participants, EDM-funded or not, will be responsible for all room incidentals (telephone calls, room service, films, etc.).

To help the treasurer in their role:

- Budgets by Communities, sub-committees, and steering committee members are prepared on the EDM funding form, which needs to be sent to the Treasurer in advance of the coming EDM, before 60 days from the last day of last EDM. They need to show a clear breakdown of prices for flights costs, ground transport, accommodation, and per diem, also indicating the full banking details.
- The Travel receipts form for all expenses (original or scanned) need to be provided to the treasurer from any person who is claiming funds from the EDM. (This is requirement for the accountability of the EDMNA Legal association)
- Also requests for administration from steering committee members need to show a clear breakdown of who the request is from, and what they are claiming expenses for.
- All persons who have been authorized to do an FD trip by the body are required to provide receipts for their expenses shortly after returning from the trip, and to send the treasurer a full breakdown of their costs, and all receipts for accountability of the legal association.

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

- All recipients are required to sign a reimbursement form for the treasurer, which indicates how much money they received in advance and how much were their actual expenses. They can return any unused funds to the Treasurer at the end of the meeting.

Budget

The EDM body will approve a financial budget at the end of each meeting for the following cycle until the next EDM. The budget will be made up of Steering Committee expenses, Fellowship Development committee expenses, Legal Association expenses, any other expenses that may arise, and an amount set for fellowship development activities. The EDM steering committee members are to look at requests during the interim period and approve any financial decisions from the budget on the **body's** behalf.

Approved to put all budget, described in the table of reference values:

EDM Guidelines	
Table of reference value	
Travel cost per diem	€50
FD Annual Budget	€7,500
PR Annual Budget	Not in OP
ESLD Budget	€12,500
ECCNA registration fee limit	€35
ECCNA seed money	€12,000
ECCNA seed money extra	€3,000

EDM Seating Guidelines summary

Any community that chooses to may apply to join the European Delegates Meeting (EDM), or European Zonal Forum. These Guidelines are to help in that application.

These Guidelines should always be followed if possible, though any decision will be made by consensus of the EDM body.

Seating of new communities:

The EDM Steering Committee (EDMSC) and the Fellowship Development Committee (FD) will work with the community, using the Traditions and Concepts, to assess whether joining the EDM is in the best interests of the community, the EDM and the Fellowship as a whole.

The application should be received by the SC at least 6 months before it is discussed by the EDM body. This gives the SC the time to work with the community to make the application ready for presentation.

The applying community should have functioned as a body for at least 1 year before applying.

The seating request will be heard by the EDM body during new business, and they will try to reach consensus.

If consensus is reached the community will become a seated member of the EDM at the end of the EDM meeting.

If there is no consensus, the community will be informed, and supported by the SC and FD committee to help them in their growth, and a possible future re-application.

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

Seating of a Community that has split from an existing Region/community:

We recommend that the existing community propose the new community for seating, describing the reasons for the split.

It is useful if the new community also describes the circumstances leading to their formation.

The new community should be functioning as a separate body, for a minimum of 2 years, and in contact with the SC for a minimum of a year, before applying for separate seating.

The seating request will be heard by the EDM body during new business, and they will try to reach consensus.

If consensus is reached the community will become a seated member of the EDM at the end of the EDM meeting.

If there is no consensus, the community will be informed, and supported by the SC and FD committee to help them in their growth, and a possible future re-application.

GUIDELINES to workgroups

Index

1 - What is a Workgroup (WG)

A WG is a human resource base tool that is arranged during the EDM. The purpose is to support the delegates each time a subject requires to be developed more or, in specific areas of planning and implementation, by providing input, volunteers and assistance. In creating a WG, the EDM should clearly specify what the purpose will be, what authority and resources it will be given, and how long it should take to complete the job.

2 – The Point Person (PP)

The PP has to be a current member of the EDM body. The main responsibilities are to take a leadership role of the group, always within the spiritual principles of NA service. The PP coordinates the WG by outlining a strategic plan of action for meetings timeline, documenting everyone's point of view as well as the progress of the work, also to be supportive and inclusive to all members of the group. They continue to report to the EDM body during the cycles and present the work in progress in person during the EDM.

In a situation that a PP steps down, the WG's responsibility is to select a new PP seated in EDM body or alternatively a Steering Committee member.

3 – The Workgroup member

The WG members are RDs, ADs, ZDs, members of the SC, any other EDM Committee Chair and Vice-chair and former RD's until two years after their term. Any RD with experience may join the WG at any stage by contacting the PP or joining during the EDM. Other NA members with relevant experience, in the WG topic, can be invited to participate in the WG or in some of the WG meetings to share their experience.

4 - Methodology and Timeline

Each WG decides for itself how often it will meet to achieve the set objective and to conclude the task in a timely manner, so that it can present the results to the body at the next EDM. The working meetings should take place regularly and the members of the WG should make an effort to attend the working meetings regularly. It is advisable to take minutes of the working meetings (the WG could nominate a secretary to each meeting to

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

make notes) and to choose a communication channel that is practical for all. (E.g. Email, WhatsApp, zoom, google drive or another application).

5 - Decisions

The WG is not responsible for making a final decision - they gather information and possibly offer suggestions, but it is ultimately up to the body to make a final decision. If the EDM body needs more information in order to make a decision, they can ask the WG to continue to gather more experiences/information and return to the next EDM with further info.

6 - Reporting

The report of the WG to EDM meeting should be sent to the EDM secretary according to OP guidelines and be presented by the PP and/or other members of the WG. It should include in the report: the composition of the WG, how often the WG has met and when and what the WG has done (past tasks and future activities). If the WG has a budget it should also report how the funds were spent.

7 - Proposal

The WG could use the established proposal format: What, Intent, Financial Impact and Additional info: details, more in-depth description etc. if they wish to make a proposal.

D. EDM LEGAL ASSOCIATION

EDMNA International Non-profit Association

The European Delegates meeting made a decision in February 2005 to apply to become an International non-profit association. The association was set up to help the body function legally as Zonal Forum of Narcotics Anonymous within Europe.

The role of the EDMNA association is to carry out the running of the International non-profit association on behalf of the European Delegates meeting under Belgium Law. Within the bylaws, specific sections state the function of the European Delegates Meeting, and the procedures its directors must follow as an association.

The EDM has authorized four members to become the Directors of the association. Their duties are to follow any decisions taken at the EDM's bi-annual meetings that may affect the financial accountability of the association.

E. STEERING COMMITTEE GUIDELINES MEMBERS

OBJECTIVES

The general objective of the steering committee is to assist the functioning of the EDM and further its extended action throughout the whole year. To achieve this, the steering committee has the following general responsibilities:

1. To prepare and chair all EDM meetings, which includes preparing the agenda, taking minutes, preparing the budget and keeping good record of all donations and expenditures, etc.

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

2. To prepare all financial, and general paperwork required in the general running of the legal association as stated within the byelaws and facilitate the yearly running of the legal association.
3. To ensure and facilitate EDM communications.
4. To ensure communications with and support ongoing EDM projects (e.g. workgroups).
5. To liaise with the ECCNA host committee and support the planning of the event.
6. To fulfil any tasks given by the delegates whenever the EDM is not in session.
7. To take financial decisions in the interim period on the EDM's behalf for funding requests and fellowship development trips based on the authorized budget taken by the body at the end of every meeting.
8. To organise 2 meetings online Community dialogue per year once between each EDM meeting. These meetings will be recorded.

COMPOSITION

Criteria

The suggested general criteria for membership on the steering committee are:

- Five years minimum clean time.
- Time and ability to fulfil the tasks that fall within the Steering Committee responsibilities.
- A working knowledge of the 12 traditions, and 12 concepts of NA service.
- Commitment to serve the full term.
- Be available to attend both EDM meetings for five days, every year.
- Be available to attend set EDM SC meetings online or conference calls in the interim periods.

Rotation

Rotation of steering committee members, like that of other service positions within the fellowship, is the process by which a trusted servant, when their commitment has come to an end, 'rotates' off (steps down, resigns) to allow another member to take on their commitment.

It means that a person does **not** automatically take on another term in that position or any other, without an election process. For example, a vice-chair of a committee will need to be **elected** to the position of chairperson, even though they were elected to the position of vice-chair on the understanding that they would be prepared to take on the position of chairperson when their commitment finished.

A trusted servant can nominate themselves/be nominated for a position and be elected for a maximum of **2** consecutive terms.

In order to have continuity and good transfer of knowledge, a trusted servant can after a completed term, be nominated and elected to serve for **1** additional year if the EDM body deems this appropriate.

The terms for each position are as follows:

Chairperson - 2 years
Vice-chair - 2 years
Treasurer - 2 years
Secretary - 2 years
Vice Treasurer - 2 years
Vice Secretary - 2 years

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

ROLES AND RESPONSIBILITIES OF STEERING COMMITTEE MEMBERS

Responsibilities that apply to all steering committee functions

- To be prepared to attend EDM meeting from Wednesday noon to Sunday evening, to include preparatory and follow-up meetings with steering committee members and Fellowship Development committee. The steering committee will meet one day before the meeting to prepare all information for the weekend and the evening after to review all decisions made during the meeting, discuss the minutes, and set work to be done in the interim period. If an extra day is needed for preparation by the steering committee, then a request will be made to the EDM one meeting before.
- To take part regularly in the steering committee meetings (online or by conference call, and at the EDM) held in the interim period to take decisions and prepare the business of the EDM. Conference calls or online meetings will be set by the chairperson and sub-committee members will be asked to participate when needed.
- To take financial decisions on the EDM's behalf, by consensus with the other steering committee members in the interim period. As the trusted servants of the EDM the body has approved the steering committee to take financial decisions on the EDM's behalf, in the interim period, on requests for funding and development trips, based on the budget approved at each meeting by the body.
- The steering committee can also take other necessary decisions that need to be approved before the next meeting. Any necessary decisions taken by the steering committee in the interim period are to be reported to the body at the next meeting in their report.

Chairperson

The chairperson is the single point of responsibility to the EDM. The chairperson is the main point of contact for the steering committee. I. THE ROLE OF THE EDM DELEGATE

As delegates we are the voice of our individual communities. In many ways we are like members of an NA group. We share what works for us and ask for help when we need it. This can also take place between EDM events.

We carry the experience of our communities to the EDM, sharing challenges and solutions with other delegates. In turn we carry the experience of other communities back to our own. We also report on events such as conventions, developments, and the growth of fellowships within our zone.

We can maximize the benefits of our relationship by communicating frequently and responding promptly to each other, much as we would in our local meetings.

The time between EDM's is a good opportunity for communities who share a common language to speak with each other, share any concerns and formulate questions to the rest of the EDM.

The EDM also serves as an opportunity for personal contact with NA World Services, and through them the rest of the fellowship around the world, particularly for those Regions not seated at the World Service Conference. During our meetings we have the chance to ask questions, share experience with the NAWS members attending and give input to current NAWS projects. Many delegates have also found that bringing home news from around the world engages the interest and enthusiasm of our local members.

Since the EDM began our zone has experienced significant growth, with new meetings in many new and established communities. If we continue to focus on the primary purpose of all our NA bodies, to carry our message to those who have yet to hear it, we can continue to be part of this growth. As delegates to the EDM we bear a substantial responsibility to fully participate in the process.”

J. ECCNA GUIDELINES – revised

INTRODUCTION

The European Conference and Convention of Narcotics Anonymous (ECCNA) is an annual event to celebrate recovery amongst addicts. Meetings, service workshops and other activities is a tool to reach that goal and to promote our unity.

L. EDM FUNDING GUIDELINES

Introduction

The purpose of this section is to provide guidelines to EDM communities who wish to apply for funding. It contains some of the general principles the EDM Steering Committee (SC) use when making decisions on funding requests. Each request is unique; therefore, the SC discuss each request individually taking into consideration our current guidelines. Where applicable, input is given by the Fellowship Development Committee (FD).

Eligibility

All EDM communities are eligible to request funding:

- To receive FD visits and/or
- To attend EDM meetings and other events e.g., European Service-Learning Days (ESL) the following general principles apply:

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

- When appropriate, **priority is given to funding FD activities** over funding delegates to attend events.
- Priority is given to requests that contain all relevant information and are received in good time (see ‘Timing’ section)

Funding to attend EDM Meetings.

- Ideally, all EDM communities will be able to attend EDM meetings. If this is not possible due to resources, communities can request funding from the SC.
- If a community is funded, it is assumed there will only be one Regional Delegate (RD) attending. However, the RD alternate (RD alt) may also be funded if it is the outgoing RD's last EDM before their service commitment is fulfilled and the Region does not have the resources to fund the RD alt, in case of(RD alt never attend EDM before.
- If EDM resources are low, funded communities may only receive funding to attend one EDM each year.
- In special situations, a translator can be funded if necessary.
- Preferably funded delegates should rotate every 2 years.

Approving funding requests to attend EDM meetings – The Process.

Note: New communities wishing to attend EDM meetings for the **first time** are asked to submit a request through FD. Your request will be discussed by FD and SC and will be put forward for general approval at the next EDM meeting.

Timing

Whenever possible, communities are strongly encouraged to submit funding requests in their community report. This gives SC sufficient time to research each request and report back to FD.

- A mail will be sent from Treasurer Or vice Treasurer with Funding request and Travel Receipt Sheets to Help any SC members and service of subcommittee members of EDM or Delegates for applying for the funding
- Priority is given to requests received in the community reports. In any case of funding requests will be submitted according to (L. EDM FUNDING GUIDELINES Timing 4)
- Lower priority is given to requests received during or after the EDM.
- Any funding request received more than two months “ 60 days “ after the last date of Winter or Summer EDM is unlikely to receive funding within that cycle and will be passed onto the next six-month cycle (Delegates, Communities member the region will need to submit a new funding request for the next EDM Event)
- New travel request cannot be submitted before reconciliation pervious funding request (completing of travel receipt form and the approval of EDM treasurer and Vice Treasurer)

Approval Process:

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

- 1) Requests for funding are discussed and put forward for general approval during EDM meetings.
- 2) Once general approval has been received, communities formalize their requests by submitting their Funding Request Form to the EDM Treasury. Please ensure all relevant information has been provided before submitting the form.

Note: The funding process is only complete after SC approves the completed Funding Request Form.

To avail of cheaper travel costs, possible delays in visa applications, etc., communities are encouraged to make travel arrangements and submit Funding Request Forms as soon as possible after receiving general approval from the EDM body.

Please refer to Section C, Expenses for details on how to manage travel costs, accommodation and per diem when attending an EDM meeting.

Funding to attend other EDM events such as ESL.

Communities can request funding for a member or a group of members to attend other EDM events such as ESL. All of these requests will be considered by FD who will send the requests to the EDM treasury once the requests have been approved under FDs current rules and conditions. Similar to EDM meetings, the process will only be complete after a Funding Request Form is received by the EDM Treasurer, is compliant with FDs current rules and conditions and has been given final approval by SC.

Funding for FD Visits

Each EDM cycle has an agreed budget for FD activity. Communities requesting funding for FD visits are required to go through an assessment process conducted by the FD Committee before a decision can be made on funding. This assessment will be based according to the current “Task Team Guidelines.”

(Please refer to section F. Fellowship Development Committee)

Any Funding Request Form received more than 90 days after the request has been given general approval during an EDM, can be refused by the SC because of budgeting restrictions and visa arrangements among other considerations.

Conclusion

Each EDM cycle of the EDM has an agreed budget for funding attendance and FD activities. Unfortunately, not every request will be able to receive funding. We would like to remind communities that there are many other ways in which the SC, FD Committee and other Communities can offer help between EDM meetings. There is a wealth of experience available and many communities have benefited from sending questions to be asked of all EDM delegates via email. We are always glad to help communities' network with each other and we have a database of European contacts that may be able to help in a service effort.

EUROPEAN SERVICE LEARNING DAYS (ESLD) GUIDELINES

The **ESLD** - European Service Learning Days - of Narcotics Anonymous, is a biannual event with service-oriented workshops.

Every two years the **EDM** – European Delegates Meeting – delegates the responsibility for planning and hosting the ESLD to one of the chosen NA Communities.

European Delegates Meeting "Orientation Pack"

Temporary Working Document - Updated July 2025

These Guidelines have been developed taking into consideration the fact that the EDM bears ultimate responsibility for the supervision and outcome of the event, so responsibility for some major decisions is kept within the EDM.

ESLD PRINCIPLES

The European Service Learning Days (ESLD) is rather a funded event and not a profit oriented one.

Therefore, it's our primary principle to provide a budget friendly event in order to make possible that as many members as possible can participate.

The EDM in coordination with host committees of ESLD will be asked to rent a place. In the best case the registration fees should cover the rent.

The current funding principles of ESLD, will be considered by the EDM body.

LANGUAGE

English is the "official language" for this event. Translation equipment is not part of the ESLD budget, as we want to keep costs low. Regions which send members to ESLD should consider sending at least one member to translate as well, when needed.

VENUE REQUIREMENTS:

ESLD will be held from Friday to Sunday. In some special cases, the EDM could dispatch one of its members to evaluate the proposed venue before it is agreed.

Main meeting hall, should seat a minimum of 200 persons, or more depending on size of local fellowship. A minimum of 1 smaller room seating 50-100 persons for service workshops

A projector in each workshop room needs to be available. Two microphones (AT LEAST) for each workshop room, flipcharts and paper as well.

Low cost catering available, if possible, on site or near the venue. Good accessibility from a main airport. Low-cost accommodation at the venue, or at least walking distance.

PROGRAM / Responsibility of EDM:

- FD will negotiate a venue for the upcoming Learning Days, based on what suits best the EDM FD mission (according to our guidelines).
- FD will present a venue at the upcoming EDM Conference in cooperation with the local Fellowship to form an ESLD committee.
- EDM/FD Committee is responsible for the final approval of the program in cooperation with PR committee regarding PR involvement.
- Few months ahead of the event, regular online meetings are needed to prepare for the event.

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025

- Present in these meetings are RD of the hosting region, designated members by the hosting region, treasurer, vice treasurer, FD chair, vice FD chair.
- Nominations for workshop facilitators are primarily made by FD Committee.
- FD Committee will provide a time slot for one workshop for the local fellowship, based on their needs (facilitated by the local fellowship and/or FDC).

FINANCES / Responsibility of EDM:

EDM offers a fixed budget of 12,500.00 Euros for the ESLD which will be supervised by the EDM treasurer. FD will choose funded members, according to the ESLD Guidelines.

The EDM Treasurer will be funded by EDM and needs to be present at the European Service Learning Days.

One PR member will be funded and will facilitate PR workshops together with experienced attending members.

The attendance of the ZD will be decided by the EDM body prior to the ESLD.

PLANNING / Responsibilities:

The EDM should take into consideration that this event serves a multi-lingual/multi-cultural fellowship. Responsibility for the rental agreement for the venue is by the local fellowship.

Prepare proposal for merchandising items/quantities/selling prices based on small items for low budgets. This task will be carried out by EDM in coordination with host committee. As this is a funded event, third parties will not be authorized to sell their products at the ESLD. If there is a well ahead planned event, T-shirts and other merchandise can be sold at prior EDMs - as a way to raise funds. During the last day, it would be ok for members who came with items from their fellowships to sell it on the last day.

Open a bank account (whenever possible) or use local fellowship bank account. Therefore, local treasurer should be a part of the host committee.

Note: If the host committee decides to go with pre-registration, international banking information (SWIFT and IBAN) is needed, so that members can pre-register from all EDM communities / regions

The Registration Fee shall not exceed €20 or its equivalent in any other currency.

As all receipts for expenditure to do with the ESLD (including funding form and travel receipts for travel of each funded participant) are to be given or sent to the EDM treasurer for the closing report, as they have to be shown in the EDMNA legal association's accounts.

Facebook: The host committee can decide to go on Facebook. But to consider Social Media guidelines, at least have a secret group, as it will help us to make communication less complicated regards to communication among participants and facilitators, esp. regards to accommodation booking.

The treasurer will deliver a final written financial report and the FD will present a final event report to the EDM.

European Delegates Meeting “Orientation Pack”

Temporary Working Document - Updated July 2025
